

## Directions to the Hotel Caravelle from the Airport.

Exit the airport and turn left, staying in the left lane of the two-lane road for about two miles. Turn right at the stoplight onto the four-lane Route 66 (Melvin Evans Highway.) Be sure to stay on the LEFT side of the median when you turn onto the divided highway.

Drive on Rte. 66 through two traffic lights. On the right you will notice the large HOVENSA oil refinery complex. As you approach the third traffic light at a large intersection, stay in the center lane and continue straight ahead through the light. Sunny Isle Shopping Center will be on your left.

Less than a mile ahead, turn right on Route 70—this road, not well marked, will have several turns, and your lane has the right of way.

First, bear left at an intersection. Further along, bear right at a medical center building and then bear to the left at the end of that block. You will approach a fork—take the right road.

As you go down a gradual hill, reach a traffic light (Intersection of 70 and 75.) Turn right onto Route 75 and enter Christiansted on King Street, passing a large church on the right and many businesses on both sides of the road.

At the bottom of the hill, your road (King Street) will become one way as it crosses Market Street at Sunday Market Square. Continue until you come to Queen Cross Street. Turn left and in the 2nd block you will see the entrance to our parking lot.
